Omnigraphics NZ Appoints New General Manager

Omnigraphics NZ Limited, a proud member of OPUS Print Group, has appointed Steven Spear to the role of General Manager. Spear has many years experience in management, production, sales and marketing within the print and media industries. As a successful business leader, with a passion for print, Spear's appointment is a perfect alignment with the OPUS Print Group 'can do' culture.

Spear's most recent assignment, as General Manager of Siegwirk New Zealand Limited, where he developed strategic business alliances with major customers, has shown the strength in sales and business management which he will now bring to Omnigraphics Limited. Spear's extensive sales experience spans twenty years, both in New Zealand and Australia, which is an additional asset to the trans-Tasman OPUS Print Group.

Spear began his career as a photo-lithographer but soon worked his way into sales and business development where his production knowledge, especially in the properties of colour management, has added deep technical knowledge to client communications.

Spear will bring a passion for real customer service and quality production to Omnigraphics Limited that will further strengthen its position as a leader in Out of Home Printing in New Zealand.
